

## Perflexion Flood Source

Eckert and Ziegler Isotope Products Perflexion flood source eliminates bulk and weight with its unique tungsten composite shield. Together with the superior uniformity, low impurities and excellent durability, Perflexion makes every other source obsolete.

### FEATURES

- Lightest Weight – weighs less than 29lbs including the tungsten shield and soft case
- Smallest form factor – source rolls to fit in a 6”x6”x22” tube for convenient storage.
- Best Shielding – 5-10k better than lead cases.
